Usually, how have you washed your face?

Did you think that your face
would be clean after washing
the face with

remover and cleanser?

Absolutely NO

We applied a remover, so called
'Dust Remover' after washing the face first.

STEP 01

There will be better effects
If you use Dust Remover
after removing make-up.

STEP 02

Apply Marchen Dust Remover
on the face.

STEP 03

Massage the area that
needs care for 1 minute
clockwise.

❌ You don't need to strongly
massage. The face
Please gently massage
The face as if you use lotion

STEP 04

Remove cream once or twice by using a cotton pad.

STEP 05

Don't be stunned at waste from the body on the face.
Wash it with tepid water.

✂ There will be better effects if you use this cream after removing make-up.
You are not allowed to use it before putting on make-up.

Can you see them?

**What dirty dust and waste
from the body!**

There will be various colors as you remove cream depending on persons because solid/liquid types of fine particles differently float in the air.

(Nitrate, Sulfate, Ammonium, Non-volatile organic matter, Organic carbon, Etc.)

[Yellow]

For sulfate, a cotton pad is stained with yellow.

[Black or Green]

For organic carbon, a cotton pad is stained with color close to black or brown.

Are you going to leave it as it is?

Within just 1 minute, it can be addressed.

Get rid of fine dust with so called, Dust Remover after/before cleansing the face.
